

Technical information sheet

Schimmel

Anti-mould concentrate

Product properties:

- Additive for wall paints and wallpaper paste
- Long-lasting protection against mould and algae
- Highly effective

Concentrate as a protective agent for products during storage (25-32 ml/l water-based product). Reliable protection against mould and microbial attack.

Area of application:

Additive for wall paints, wallpaper paste, decorative plasters, ready-mixed fillers and similar water-based products.

Application

As an additive to wall paints: thoroughly stir 250 ml of anti-mould concentrate into 10 l of paint and apply the paint as usual. The same mixing ratio also applies to decorative plasters and other water-based products.

As an additive for wallpaper paste: When mixing the wallpaper paste, replace some of the mixing water with the appropriate amount of Anti-Mould Concentrate (125 ml Anti-Mould Concentrate per 200 g pack of paste). The wallpaper paste can then be used as normal.

Storage and disposal:

Store containers child-proof, tightly closed and cool, but frost-free. Keep away from food. Only recycle containers that are completely empty. Dried material residues can be disposed of with household waste or as construction waste. Dispose of liquid residues according to waste code no. 07 07 04.

Area of application:

Technical data:

Raw material base: Isothiazolinone derivative, solvents and additives
Density approx. 1.1 g/cm³
Appearance: Liquid, yellowish
Odour: Characteristic

Notes:

Do not use at surface and ambient temperatures below + 5 °C. Clean working equipment with water immediately after use.

Biocidal Products Regulation (528/2012/EC)

Concentrate as a protective agent for products during storage (25-32 ml/l water-based product).

100 g contains: 2.49 g 2-octyl-2H-isothiazol-3-

one. Baua Reg. No.: N-63900

Use biocidal products with caution.

Always read the label and product information before use.

Please refer to the safety data sheet for safety-related information. Current safety data sheets are available on our website at www.schimmelx.de or at sds@glutolin.de.
